1. Background. 2. Speculators. 3. FAL Cal 7.62mm (NATO) Rifles Available. 4. Import Authorization for FAL Rifle from Merix A.G. of Germany.

COMMENT: There is no doubt that the Military are lining up their election promises and arranging to present their bill to the President, if he's elected. Many hands are stirring the Arms pot in the DOMINICAN REPUBLIC but the "Head Chef" is still General PEREZ y Perez. He's willing to look at all offers presented him by his "Old Colonels" and their contacts, but will still have to see where he personally stands following the elections. President BALAGUER may want a new Secretary.

Interestingly, Mr. Curdins of Interarmco, in a letter to Mr. Enriquez written on 29 April 1970 from Monaco, said there were no surplus FAL rifles available for sale and new ones would be \$140.00 (U.S.) in Belgium. Mr. Enriquez was going to Brussels to check NATO for possible direct surplus sale rather than through Merix A.G. of Germany, so it remains to be seen, who will sell what, to whom, and for how much kickback, etc.

1. Background. The Dominican Armed Forces have received the great bulk of their re-equipment from MAAG Military Grant Assistance since the Trujillo era ended in 1961. This assistance precluded small arms since the Dominican inventory was loaded with their own Cristobal carbines, Spanish CETME's, German G-3's, Heuser Rifles and Carabines and FAL 7.62 (NATO) Rifles. belts and make do with the modernization afforded the 1st BCo and later the 9th BCo by USMAAG. They did receive some 400 - 500 FAL rifles in 1968 through a barter arrangement with Interarmco, Alexandria, Virginia. However no major arms purchases have been made since the '65 Revolution, although several unsuccessful attempts were made by U.S. and other Arms dealers periodically to sell various weapons systems, i.e., FAL, Stoner, AR18's, etc. Each time the actual arms bids were boosted 10% by whoever was promoting the "deal"; in the old Trujillo manner.

2. ~~(S)~~ Speculators.

a. Mr. Sam Cummins, President of Interarmco, Monaco, made his start following WW II selling surplus war materials to Trujillo. The "Old Dominican Colonels" still remember both with affection and greed. Much of the Army is still equipped with this Interarmco surplus (tanks, armored cars, artillery, machine guns, mortars, etc.). His agent still has 1st chance at any bartering and selling.

b. Mr. Irving Davidson, Washington, D.C., is another power in Dominican selling circles and much quoted on any type speculation. He is considered the top contact in the U.S. by Dominican dealers.

c. Mr. Leiland P. Johnston, Minerals Industries, G por A, is a mining claims speculator in the DOMINICAN REPUBLIC but has worked in armament sales during the Trujillo era.

d. Mr. Karl W. Lenge, Vice President of Santiago, Inc., Clayton, Missouri and Mr. Fernando Peguero, his Dominican partner, are active in land, hotel and arms speculation (AR 18 sales). The Peguero's (father and 2 brothers) are well connected politically, financially, and socially in the DOMINICAN REPUBLIC.

e. Mr. Herman Henriquez Lora and his brother are arms agents for Interarmco, Dutch and other U.S. concerns (AR 18, Stoner, FAL, etc). They are personal friends of President BALAGUER and General PEREZ y Perez and associates.

3. ~~(S)~~ FAL, Cal 7.62MM (NATO) Rifles Available. Enclosure 1 from Air Force Colonel Felipe RIVAS Pardo, Quartermaster General of War Materials for the Dominican Armed Forces, states that his sources have located some 2500 FAL rifles for sale in a NATO depot, 35 miles south of Hamburg, Germany. The rifles to sell at \$96.00 (U.S.) each there, or \$95.00 (U.S.) each, CIP, Santo Domingo. He wants to go to Germany to verify the information and to return with 2 samples.

German Embassy in Santo Domingo put their seal on this importation authorization and the Arms Agent departed Santo Domingo for U.S. and later Germany on 9 May 1970.

COMMENTS: ~~(S)~~ There is no doubt that the Military are lining up their election promises and arranging to present their bill to the President, if he's elected. Many hands are stirring the Arms pot in the DOMINICAN REPUBLIC but the "Head Chef" is still General PEREZ y Perez. He's willing to look at all offers presented him by his "Old Colonels" and their contacts, but will still have to see where he personally stands following the elections. President BALAGUER may want a new Secretary.

Interestingly, Mr. Cummins of Interarmco, in a letter to Mr. Enriquez written on 29 April 70 from Monaco, said there were no surplus FAL rifles available for sale and new ones would be \$110.00 (U.S.) in Belgium. Mr. Enriquez was going to Brussels to check NATO for possible direct surplus sale rather than through Merit A.G. of Germany, so it remains to be seen, who will sell what, to whom, and for how much kickback, etc.

Me complace mucho informarle, que he recibido toda la información por escrito, que me envió con el Dr. MARIÑO ARIZA.

Sobre los Fusiles FAL Cal. 7.62 (NATO), tengo a bien informarle, que el domingo 19 de abril de 1970, hemos recibido la siguiente información, confirmada y ratificada, de manera que no deje lugar para dudas o malos entendidos entre esta oficina y la fuente informante, de todo crédito, en base a documentos. La información que se nos dió es la siguiente; muy confidencial: "De NATO, está reduciendo sus fuerzas considerablemente, lo que a dicho origen a que sus armas que esas fuerzas usaban sean reintegradas a los depósitos de la NATO y están siendo puestas en venta a precio atractivo, siendo su estado como nuevas; estas armas se encuentran en la actualidad en un depósito de la NATO a 35 millas al Sur de HAMBURGO, Alemania; pudiendo ser embarcadas por el mismo puerto Hamburgo directo a Santo Domingo. Entre las armas se encuentran a disponibilidad (3,500) Fusiles FAL Cal. 7.62 (NATO) culata de madera a un precio de almacén de US\$90.00, siendo su precio CIF Santo Domingo de US\$95.00".

Esto indudablemente, parece coincidir con respecto a la pérdida de armas, a las mismas que usted nos refiere; nosotros nos apresuramos a ponerlo a su conocimiento tal información a fin de que usted la utilice.
